

# DIYA SHAH

## Sports Analyst

video analysis, event coding, performance metrics

Ahmedabad, India | diya.shah@example.com | ROLE 30-04

FICTIONAL SAMPLE - all employers, qualifications and outcomes are illustrative and unverified.

### EXECUTIVE SUMMARY

Sports Analyst with an illustrative 13-year career in coaching, exercise support, sports analysis and nutrition-related services. Combines video analysis, event coding, performance metrics with disciplined documentation, practical coordination and clear communication. The sample career progresses from focused execution to independent workstream ownership, with responsibilities and boundaries described for each appointment.

Selected work includes match analysis framework, performance feedback dashboard and opposition scouting study. These examples explain the original problem, individual contribution, deliverables, review approach and remaining limitations rather than relying on unsupported headline claims.

Prepared for experienced sports analyst opportunities requiring dependable delivery, thoughtful professional judgement and collaboration. The qualification narrative includes M.Sc in Sports Analytics. Every named organisation and outcome in this record is fictional; professional eligibility is not independently established.

EDUCATION RECORDS

### CORE COMPETENCIES

video analysis / event coding

performance metrics / Python

data visualisation / opposition analysis

reporting / coach collaboration

### PROFESSIONAL MISSION

Turn a clear brief into dependable coaching, exercise support, sports analysis and nutrition-related services work: understand the context, apply video analysis and event coding, record the evidence and explain the limitations before handover.

Career family: Sports, Fitness & Wellness | Snapshot: 2026-09-22

## PROFESSIONAL EXPERIENCE / RECENT

### Sports Analyst

Meridian Sports and Wellness (fictional)

Jul 2022 - Present | Ahmedabad, India

Independent ownership of scoped sports analyst work, coordinating contributors and making review requirements explicit. Includes the first two selected work examples.

- Defined observable categories and reviewer checks.
- Built concise task-led summaries and limitations.
- Led brief clarification and prioritised work using video analysis, event coding and performance metrics. Raised unresolved constraints before committing to the next stage.
- Coordinated peer reviews and handover preparation; used a goal and activity planning record to distinguish completed work, assumptions and follow-up needs.
- Supported colleagues with practical examples of python and maintained a concise learning record after important assignments.

Illustrative career responsibilities. Employer confirmation and underlying work records are not supplied.

### Senior Sports Analyst

Northline Sports and Wellness (fictional)

Jul 2018 - Jun 2022 | Ahmedabad, India

Owned defined assignments and supported cross-functional coordination. Developed deeper practice in performance metrics and python.

- Compared patterns while reporting sample uncertainty.
- Translated incoming requirements into a sequenced plan and aligned responsibilities with the project or service owner.
- Applied data visualisation and opposition analysis to resolve delivery questions while maintaining source and decision notes.
- Introduced reusable working documents and reviewed exceptions with the responsible specialist rather than silently changing scope.
- Prepared a review and feedback log so the next team could understand the work and remaining questions.

Illustrative career responsibilities. Employer confirmation and underlying work records are not supplied.

## PROFESSIONAL WORKING PRINCIPLES

- Define goals, baseline context and scope before planning activities or analysis.
- Record progression, feedback and referral needs without promising health outcomes.
- Protect personal information and separate educational examples from individual advice.

## PROFESSIONAL EXPERIENCE / EARLIER

### Sports Analyst

Cedarbridge Sports and Wellness (fictional)

Jul 2015 - Jun 2018 | Ahmedabad, India

Progressed from supported tasks to independently managed assignments, with review available for unfamiliar or higher-risk decisions.

- Handled recurring work involving video analysis and event coding using a documented preparation and review process.
- Supported performance feedback dashboard by organising inputs, maintaining issue notes and incorporating reviewer feedback.
- Coordinated colleagues and internal stakeholders using concise status updates, clear questions and agreed next steps.
- Improved record consistency through reporting and documented handover expectations.

Illustrative career responsibilities. Employer confirmation and underlying work records are not supplied.

### Assistant Sports Analyst

Cedarbridge Sports and Wellness (fictional)

Jul 2013 - Jun 2015 | Ahmedabad, India

Built practical foundations through supervised assignments, routine documentation and feedback from experienced colleagues.

- Assisted with video analysis and performance metrics within an agreed scope and escalated unfamiliar work.
- Prepared inputs and checked completeness before passing work to the responsible reviewer.
- Maintained task records and learned to communicate assumptions, constraints and observed problems clearly.
- Applied review feedback to subsequent assignments and developed a dependable working routine.

Illustrative career responsibilities. Employer confirmation and underlying work records are not supplied.

## SELECTED CONTRIBUTIONS

**Match analysis framework.** Defined observable categories and reviewer checks. The achievement is the described workstream contribution; independent outcome evidence is not supplied.

**Performance feedback dashboard.** Built concise task-led summaries and limitations. The achievement is the described workstream contribution; independent outcome evidence is not supplied.

**Opposition scouting study.** Compared patterns while reporting sample uncertainty. The achievement is the described workstream contribution; independent outcome evidence is not supplied.

## SELECTED WORK / 01

### Match analysis framework

P1 | Jan 2023 - Jun 2023 | FICTIONAL WORK EXAMPLE

**Context.** Fictional internal work programme in coaching, exercise support, sports analysis and nutrition-related services; not a real client case study.

**Problem.** Analysts coded events inconsistently.

**Objective.** Create a workable response to this issue through video analysis, explicit review criteria and practical documentation. Agree the boundaries before execution and retain unresolved points for follow-up.

**Contribution and ownership.** Sports Analyst; owned the stated workstream, not the full organisation or every collaborator contribution.

- Defined observable categories and reviewer checks.
- Prepared the scope with the commissioning team, identified unresolved inputs and used video analysis to turn the brief into a sequenced work package.
- Applied event coding and performance metrics while coordinating reviews with the designated owner. Kept decision notes so collaborators could separate facts, assumptions and changes.
- Assembled the handover material, explained open limitations and agreed which items needed further review rather than presenting them as completed.

**Methods.** video analysis / event coding / performance metrics / Python

**Deliverables.** Match analysis framework - scoped brief; Match analysis framework - reviewed working package; Match analysis framework - handover and learning summary

**Review.** Reviewed the scoped output against the agreed brief, recorded exceptions and checked that key conclusions could be traced to observations. The review package calls for a goal and activity planning record and a named human reviewer.

Illustrative outcome: the team adopted a repeatable approach for match analysis framework, with clearer ownership and reviewable records. This is a fictional qualitative result; no real performance measurement or external acceptance evidence is supplied.

Suggested evidence (not supplied): goal and activity planning record; observation or analysis summary; review and feedback log.

## SPECIALIST PRACTICE

### Health and coaching scope

The sample focuses on video analysis, event coding, performance metrics. Approvals, supervision and specialist input are identified in each work package; work outside this scope is referred to the designated responsible person.

**Peer learning and practical guidance.** Created short examples on video analysis and python for colleagues. Separated personal preferences from agreed team procedures and recorded useful questions.

**Review and handover discipline.** Facilitated practical reviews of performance feedback dashboard, ensuring that unresolved issues retained a named owner rather than disappearing from final presentations.

Qualifications are fictional. No professional registration, medical clearance or personalised nutrition or exercise prescription is provided.

## SELECTED WORK / 02 AND 03

### Performance feedback dashboard

P2 | Jan 2024 - Jun 2024 | Meridian Sports and Wellness (fictional)

**Problem.** Coaches received complex tables without decision context.

**Objective.** Create a workable response to this issue through event coding, explicit review criteria and practical documentation. Agree the boundaries before execution and retain unresolved points for follow-up.

**Ownership.** Sports Analyst; owned the stated workstream, not the full organisation or every collaborator contribution.

- Built concise task-led summaries and limitations.
- Prepared the scope with the commissioning team, identified unresolved inputs and used performance metrics to turn the brief into a sequenced work package.
- Applied python and data visualisation while coordinating reviews with the designated owner. Kept decision notes so collaborators could separate facts, assumptions and changes.
- Assembled the handover material, explained open limitations and agreed which items needed further review rather than presenting them as completed.

**Methods.** event coding / performance metrics / Python / data visualisation

**Delivered.** Performance feedback dashboard - scoped brief; Performance feedback dashboard - reviewed working package; Performance feedback dashboard - handover and learning summary

Illustrative outcome: the team adopted a repeatable approach for performance feedback dashboard, with clearer ownership and reviewable records. This is a fictional qualitative result; no real performance measurement or external acceptance evidence is supplied.

Suggested evidence (not supplied): goal and activity planning record; observation or analysis summary; review and feedback log.

### Opposition scouting study

P3 | Jan 2019 - Jun 2019 | Northline Sports and Wellness (fictional)

**Problem.** Small samples encouraged overconfident conclusions.

**Objective.** Create a workable response to this issue through performance metrics, explicit review criteria and practical documentation. Agree the boundaries before execution and retain unresolved points for follow-up.

**Ownership.** Sports Analyst; owned the stated workstream, not the full organisation or every collaborator contribution.

- Compared patterns while reporting sample uncertainty.
- Prepared the scope with the commissioning team, identified unresolved inputs and used data visualisation to turn the brief into a sequenced work package.
- Applied opposition analysis and reporting while coordinating reviews with the designated owner. Kept decision notes so collaborators could separate facts, assumptions and changes.
- Assembled the handover material, explained open limitations and agreed which items needed further review rather than presenting them as completed.

**Methods.** performance metrics / Python / data visualisation / opposition analysis

**Delivered.** Opposition scouting study - scoped brief; Opposition scouting study - reviewed working package; Opposition scouting study - handover and learning summary

Illustrative outcome: the team adopted a repeatable approach for opposition scouting study, with clearer ownership and reviewable records. This is a fictional qualitative result; no real performance measurement or external acceptance evidence is supplied.

Suggested evidence (not supplied): goal and activity planning record; observation or analysis summary; review and feedback log.

EDUCATION AND SPECIALIST LEARNING

M.Sc in Sports Analytics

Asterbridge Institute of Professional Studies (fictional institution)  
Jul 2011 - May 2013 | completed - fictional record  
Focus: video analysis, event coding, Python. Specialist study on match analysis framework; an illustrative learning project, not a published result.

B.Sc in Statistics

Cedarhaven College of Applied Studies (fictional institution)  
Jul 2008 - May 2011 | completed - fictional record  
Focus: performance metrics, data visualisation, opposition analysis. Applied coursework in video analysis, documentation and reviewed practical assignments.

CONTINUING PROFESSIONAL DEVELOPMENT

**Coaching communication workshop (2023).** Video analysis and python in the context of sports analyst work. Used reflective exercises and a bounded practice example related to match analysis framework.

**Progress measurement practicum (2024).** Event coding and data visualisation in the context of sports analyst work. Used reflective exercises and a bounded practice example related to performance feedback dashboard.

**Safeguarding and scope awareness (2025).** Performance metrics and opposition analysis in the context of sports analyst work. Used reflective exercises and a bounded practice example related to opposition scouting study.

Provider for these illustrative learning records: Meridian Professional Learning Studio (fictional). Not a licence or certification.

LANGUAGES AND WORKING PREFERENCES

English and Hindi - professional working proficiency in this fictional record.

Work arrangement: onsite or hybrid by role requirements. Relocation: open to discussion - sample preference.

Availability: not confirmed; discuss before an interview.

CREDENTIAL AND EVIDENCE STATUS

Qualifications are fictional. No professional registration, medical clearance or personalised nutrition or exercise prescription is provided.

Synthetic qualification and institution names illustrate profile fields only; they are not a validated qualification route or recognised accreditation claim.

No real referee, endorsement, award, publication, membership or licence is supplied.

Use for templates, product demonstrations and test data only. Replace fictional claims and remove the demo label only after approval of real candidate information.

Contact placeholder: diya.shah@example.com. No phone, live profile URL or verified reference is supplied.

Complete machine-readable data: profile.json. Interactive companion: portfolio.html. Reference CV used for structure only; this is not Ajay Prajapat's biography.
